Vysiion reserves the right, without incurring any liability, to supervise any installation works.
- 6.2.2 The Customer acknowledges and agrees that the Facility Operator may temporarily disconnect the power supply to the Customer Equipment for the purpose of investigating any reported problems or carrying out maintenance on the Facility. Vysiion will provide the Customer with as much notice as it is able of any impending disconnection notified to it by the Facility Operator.
- 6.2.3 The Customer Equipment and any materials that the Customer brings or permits to be brought into the Facility shall at all times be at the Customer's sole risk and the Customer should insure appropriately.
- 6.2.4 Vysiion shall be entitled to a general lien on the Customer Equipment and any other property belonging to the Customer (whether tangible or intangible) at the Data Centre Site, which shall be exercisable in respect of all sums lawfully due from the Customer to Vysiion. The Customer agrees to comply with any such direction and neither Vysiion nor the Facility Operator shall have any liability for the consequences of any refusal of, or delay in providing, access to the Facility or the Data Centre Site, or any required removal of personnel.

6.3.3 The Customer shall ensure that its customers, employees, agents, guests and contractors at the Facility shall at all times abide by the Facility Rules, the Acceptable Use Policy and all applicable statutes and regulations, including those relating to health and safety. The Parties agree that persistent or material breaches of the Facility Rules and/or Acceptable Use Policy by the Customer, its customers, employees, agents, guests and contractors shall constitute a material breach of the Contract by the Customer.

6.4 INSURANCE

6.4.1 The Customer shall, prior to the Service Commencement Date, at its own cost take out and maintain in force for the duration of the Contract and for a year thereafter an insurance policy against third party liability, effected with reputable insurers, providing for coverage in force with a limit of indemnity of not less than five million pounds (£5,000,000) in any one occurrence and unlimited in the number of occurrences per policy period and any other insurance that may be required by law. 6.4.4 The Customer shall not bring any claim or action against Vysiion or the Facility Operator in respect of any loss or damage which the Customer could recover under the required insurance policy or any insurance required by law (whether or not such insurance has been effected, or if effected, has been vitiated as a result of any act or omission of the Customer, its customers, employees, agents, guests and/or contractors).

6.4.5 Neither the Customer, nor its customers, employees, agents, guests and/or contractors shall take, or fail to take, any action, or (insofar as it is reasonably within its power) permit anything to occur which will entitle any insurer of the Facility to refuse to pay a claim under the insurance policy or which otherwise might prejudice the Facility's insurance policy or which may result in any insurance premiums payable by Vysiion or the Facility Operator increasing.

6.4.6 The Customer shall:

6.4.6.1 give Vysiion immediate notification in writing of any claim concerning the Contract which could be brought under the Facility's insurance policy accompanied by full details; and
