When Provisioning Co-ordinator resource is contracted to be provided, a PC will be assigned to the solution in addition and they will provide support to the PM.

When Programme Manager resource is contracted to be provided, a PGM will be assigned to provide overarching governance and reporting on a series of projects and is therefore only available in addition to contracted PM resource.

In the event that additional Days are required in order to complete the project in accordance with the above, the Customer shall be required to contract for additional Days. For the avoidance of doubt, Vysiion PMO resources are sold on an allocated time basis; not on a fixed scope of work basis.
